PROFILE

To work for a growing organization, this can make based use of my Talent, Sincerity by providing me the Opportunities to work in different fields to learn different skills and grow as a professional.

PROJECTS

Travel Agency (Frontend)

- I designed this website about the planning the travels and tours. And Booking the our travelling and tours. This is done by using the frontend technologies like HTML,CSS,Bootstrap.

Boys and Girls Hostel Management(Full Stack)

- As a part of PROJECT SPACE program organized by Technical Hub at our college. I was Team Lead of the team Mind Units and we developed both frontend and backend functionalities in this website. we used React.js framework, HTML, CSS web languages, MongoDB database and Vs code as the tool for developing this project.

INTERNSHIP

Full Stack Intern- Technical Hub (17-07-2022 to 17-11-2022)

- During the first three months, I was trained on the frontend languages and during the last month I developed 2 projects mentioned above using frontend languages.
